# New Student Checklist

Before you begin your degree, there are several tasks to complete to ensure you are set up for success. Visit each hyperlink for more information on each task:

GETTING STARTED — April	
Respond to your offer of admission	UofT Slate
Attend the MES Welcome Event	grad.office.env@utoronto.ca
Read the "Getting Started" resource page for incoming students	SGS Getting Started
Set up your JOINid (temporary login)	JOINid Activation
Explore Acorn to prepare for course enrolment & registration	Acorn site & Guide
Bookmark the Important Dates Calendar	SGS Important Dates
Begin to satisfy any conditions of your offer	<u>UofT Slate</u>
COURSE ENROLMENT — May	
Read through the SGS Calendar to view your program requirements and determine possible electives	SGS Calendar
Connect with your supervisor to review the courses you plan to select	Faculty Contact Info
Enrol in courses via Acorn	Acorn site & Guide
REGISTRATION — July	
View your invoice via Acorn	Acorn site & Guide
Pay your fees. Check back on Acorn in a couple of weeks to ensure your status says Registered	Student Accounts
Obtain your Tcard and activate your UTORid and email	TCard & UTORid
Apply for TA positions (more details to come from the School)	TA job positing site
THE FIRST WEEK — September	
Attend orientation	ENV Events
Log into Quercus to view your course syllabi, materials, etc.	Quercus site & Guide
Connect with your supervisor	Faculty Contact Info

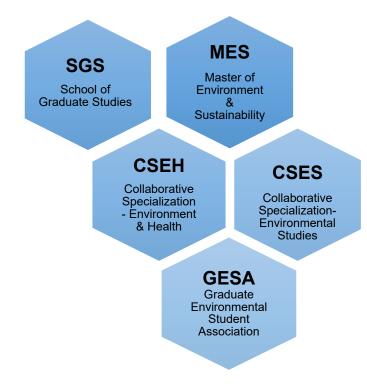

# Acorn, TCard, UTORid Features

Below are some of the main features/functions of Acorn, your TCard and your UTORid.

Acorn	TCard	UTORid
<ul> <li>Enrol in courses</li> <li>View fees and pay tuition</li> <li>Request transcripts and view academic history</li> <li>Print tax forms</li> <li>Enter direct deposit info</li> </ul>	<ul> <li>Student ID</li> <li>Library card</li> <li>Access facilities</li> <li>Provides "cash" value for photocopying, printing, and meal plan</li> </ul>	<ul> <li>Activate your UofT email</li> <li>Sign into sites such as Quercus and Acorn</li> <li>Download Microsoft365</li> <li>Access campus wifi</li> </ul>

# Acronyms

You'll find that the University of Toronto loves using acronyms for departments, programs, groups, etc. Below are the main ones you'll come across as a School of the Environment student:

# Enrolment

Before you begin course enrolment, there are a few sources to consult:

1. The <u>SGS Calendar</u> for details on your program requirements and a list of electives that count towards your MES concentration or collaborative specialization.

 The School of the Environment <u>Course Schedule</u>, which lists courses within the School as well as possible electives. For details on ENV courses, consult the <u>course description</u> webpage.

#### Course Codes

Graduate courses within the School of the Environment begin with ENV and are 4 digits in length (e.g. ENV1001). You'll find course codes at the 1000, 2000, 3000, 4000 and 5000 level. Within the School, these codes are all graduate-level and do not differ in terms of level, difficulty, etc.

Following a course code, you'll find two letters. The first represents the course weight and the second represents the term it is offered.

Letter	Course Length	Duration	Course Weight
Н	1 session	1 session (e.g. Fall or Winter)	Half credit or 0.5 FCE
Y	2 sessions	2 sessions (e.g. Fall and Winter or full	Full credit or 1.0 FCE
		summer (May-Aug))	

Letter	Course Length	Duration in Fall/Winter	Duration in Summer
F	First (i.e. Fall)	September- December	May-June
S	Second (i.e. Winter)	January-April	July-August
Y	Full Year	September-April	May-August

#### Enrolling in courses within the School of the Environment

Courses can be added on Acorn through the Enrolment menu option. You can search for a course by the name/code and add it to your enrolment cart. Similar to making a purchase online, adding a course to your cart does not mean that you have "checked out," or in other words, enrolled in the course. You will need to click "Enrol" in order to officially add the course.

#### Enrolling in courses outside of the School of the Environment

In cases where you need to use an <u>add/drop form</u> to enrol in elective courses, follow the steps outlined below:

- 1. Fill out the student portion of the add/drop form and sign off.
- 2. Send the add/drop form to the host department for their signature and the instructor's approval (note: some departments may ask you to reach out to the instructor directly).
- 3. Once signed by the host, the form is sent to your <u>home department</u> to approve you into the course.

As there are several signatures needed to add a restricted course, be sure to initiate this process well before the start of the term, if possible.

# Independent Reading & Research Courses

Students looking to enroll in ENV2000HY/ENV3000HY: Independent Reading and Research Course first need to obtain approval from the School's Director or Graduate Associate Director. To do so:

- 1. Complete the IRR Request Form
- 2. Write a brief description of the course (structure, content, assessment, etc.)
- 3. Include rationale indicating how this course will complement your studies
- 4. Send the above documents to <u>grad.office.env@utoronto.ca</u> for departmental review.

# Program Timeline and Completion (MES)

## **Program Completion**

The MES is designed to be completed in one academic year, and the <u>minimum degree fee</u> (i.e. the minimum tuition amount each student pays) is based on this length. Note that 1) there is no maximum degree fee if you take more than one year to complete your degree, and 2) the School of the Environment only provides funding (scholarships, RAship, etc.) for the first year of the program.

Below is the expected timeline for an MES student:

# Fall 2022 ENV1103H The U of T Campus as a Living Lab of Sustainability. ENV1197H Research in Environment and Sustainability, Part 1 Elective Winter 2023 ENV1198H Research in Environment and Sustainability, Part 2 2 Electives

- Thesis
- Research Showcase

Although all students should approach the degree with the mindset that it can completed in one academic year, those who do not finish in this timeframe can request to extend their program. Consult both your supervisor and <u>grad.office.env@utoronto.ca</u> for more information.

Note: the maximum program length is 3-years of full-time study.

# Attendance Status and Continuous Registration

The MES is a full-time program and students are expected to remain continuously registered (paying fees and engaged in academic activities) throughout their degree, whether they are completing their coursework or writing their thesis. It is important to note that students pay per session, not per course. If for example, you were enrol in 2 courses one session instead of 3, you would not receive a tuition refund, as you would still be registered as a full-time student with a full-time course load.

# **Registration and Financial Information**

## Viewing and paying tuition

Tuition can be viewed through your <u>Acorn</u> invoice under 'Financial Account.' Your invoice will list your full tuition amount and the minimum payment needed to register.

The <u>SGS Important Dates website</u> will indicate the minimum payment deadline to register for the Fall session (typically late August). The remaining amount for those who did not pay tuition in full) will be due by November 30<sup>th</sup> to avoid service fees. Students who are registered in both the fall and winter sessions do not pay additional summer tuition fees. Further details on registration can be found on the <u>SGS website</u>.

Your invoice will show tuition fees and incidental fees (campus and student society fees). Students with existing health and/or dental plan coverage may wish to opt out of the health plan, and details on doing so can be found on the <u>Graduate Student Union website</u>.

To reference a previous session tuition amount, visit the <u>Student Accounts website</u> under Tuition & Fees -> Current schedule. From there, select if you are looking for domestic or international tuition.

#### Making a payment, deferring fees

- **Payment within Canada:** Students typically make payments through their financial institution or via Acorn with a credit card (Visa/Mastercard). Details can be found on the <u>Student Accounts website</u>.
- **Payment outside of Canada:** For those who are abroad when tuition fees are due, details on paying tuition fees from outside of Canada can be found <u>here</u>.
- **Payment through OSAP/Student Loan**: If you are receiving OSAP or another form of a student loan, you can defer your fees via Acorn. This will register you without payment and provide you with an extension to pay your fees until your loan is received. Details on this process, as well as payment deadlines, can be found on the Student Accounts website <u>here</u> (for OSAP) and <u>here</u> (for other government loans).
- Deferral Based on Major Award: If you are receiving a major award such as CGS-M or OGS, you are also eligible to defer your fees for when you receive your award. To do so, complete the <u>SGS Register Without Payment</u> form and send it to the <u>School of the</u> <u>Environment Graduate Office</u> for processing.

If you do not pay (or defer) your fees on time, you will become financially cancelled (i.e. FINCA'd), causing you to be removed from your courses and unable to access services. Should you become FINCA'd, contact the <u>Graduate Office</u> for next steps.

# Forms and Policies

Forms

Below you will find a breakdown of the most frequently used forms within the School of Graduate Studies. For further information, visit the <u>SGS Forms page</u>. All of the forms listed below can be sent to <u>grad.office.env@utoronto.ca</u> for processing.

	Form	When to Use	What's Needed When Submitting
	<u>Course</u> <u>Add/Drop</u>	Adding a restricted course or a course outside of your program	<ul> <li>Approval from host dept and home dept.</li> </ul>
Courses	Extension to Complete Coursework	Requesting an extension to submit coursework past the original course end date	<ul> <li>Rationale for why the course was not completed on time, verification of illness form (if applicable), new submission date, instructor signature</li> </ul>
	Reading & Research	Enrolling in an independent study with a faculty member	<ul> <li>Course breakdown, description and rationale, approval from instructor</li> </ul>
	<u>Leave of</u> <u>Absence</u>	Taking a leave from the program (1-3 sessions)	<ul> <li>Rationale for why you're requesting the leave, verification of illness form (if applicable)</li> </ul>
Registration	Register Without Payment <u>Fall, Winter,</u> <u>Summer</u>	Receiving a major award (e.g. CGS-M, OGS)	<ul> <li>Know the amount of funding you're receiving</li> <li>Ensure you're submitting well before the registration deadline</li> </ul>
	Confirmation of Enrolment	Verifying your status as a student (for work, bank, study permit, etc.)	<ul> <li>Student number, reason for the request, name of whom to address the letter to</li> </ul>
Supervision	Thesis Committee	Putting your committee officially on file	<ul> <li>All 3 of your committee members' signatures, thesis title</li> </ul>

# Policies

Below you will find a list of policies from UofT and SGS that each of our graduate students are subject to. Each point hyperlinks to a webpage where you'll find details on that specific policy.

University of Toronto	School of Graduate Studies
Academic Integrity	Comprehensive List of SGS Policies
University Assessment and Grading Practices Policy	SGS Calendar
Code of Behaviour on Academic Matters	
Code of Student Conduct	

Policy on Ethical Conduct in Research	
Official Student Correspondence Policy	
Comprehensive List of UofT Policies	

# Research

# Supervision Resources

The student-supervisor relationship is a key factor in creating a successful graduate experience. SGS has <u>developed a guidebook</u> for creating a strong relationship with your supervisor. This guide includes details on your role as a supervisee, your supervisor's responsibilities, what to do if a challenging situation occurs, information on finishing up your thesis, and more.

If you have questions or concerns about supervision, you are welcome to reach out to the <u>Centre for</u> <u>Graduate Mentorship & Supervision</u> for support.

# **Research Ethics**

Students who are conducting research concerning human or animal subjects will first need to obtain ethics approval from the University of Toronto. Before you begin the ethics application process, you'll need to a) devise a proposal with your supervisor to submit, and b) review the "Before Engaging in Research" information on the <u>UofT Research + Innovation website</u>.

Once you're ready to submit your ethics proposal, your supervisor will create a profile for you on the My Research Human Protocol website. Note that it takes around 4-6 weeks to be approved and the Research Ethics Board (REB) will contact your supervisor, once approved.

Some additional resources that may be helpful before initiating this process include:

- UofT Research + Innovation training and resources
- <u>UofT Research + Innovation policies and procedures</u>

Questions? Contact raise@utoronto.ca.

#### Conferences

Below are potential funding sources you are welcome to apply for if you are attending a conference:

- <u>SGS Conference Grant</u>
- UTGSU Conference Bursary
- <u>SGS Travel Grant</u>

#### **Accessibility Services**

UofT <u>Accessibility Services</u> is here to assist you with navigating disability-related barriers to your academic success, both for ongoing and temporary disabilities. Services include developing

accommodations, providing one-on-one advising, testing, note taking and technology services, and access to a resource library.

Accessibility Services also offers many programs such as peer advising, group learning sessions, transitional programs, graduate chats, accountability check-ins, and learning strategy appointments.

Further information on registering and the services this office offers can be found in the <u>Graduate</u> and Professional Program Student Handbook.

# Health and Wellness

Below are on- and off-campus health and wellness resources available to UofT students. Find out more about each service by clicking on a box.

# Safety

Below you will find details on campus safety numbers and resources. Each bullet point under "Resources" provides further information when clicked.

theft protection, and more. Details can be found on their website

# **Connections for Students**

# **Getting Involved**

There are many ways to stay informed and involved during your degree. Below are a few ways the School of the Environment helps you do so (click each box for further information):

We also post events, news, research and engagement opportunities to our social media pages:

The University of Toronto also houses several environmental-based resources on campus that may be of interest to you:

- University of Toronto Environmental Resource Network (UTERN)
  - Central group for those at UofT who are concerned about the health of our environment
- UofT's <u>Sustainability Office</u>
  - Bridging together sustainability research and institutional operations
- Jane Goodall Institute
  - Collaboration on Jane Goodall's teaching and research
- Gerstein Library and Noranda Earth Science Library
  - Large collection of science-based reference sources
