

Anthropology MA, MSc, PhD

School of the Environment: Collaborative Specialization in Environmental Studies (CSES)

Below you will find the requirements for students in the Anthropology MA, MSc or PhD who are completing a Collaborative Specialization in Environmental Studies. Although this document will provide you with guidance for completing the specialization, note that the [School of Graduate Studies Calendar](#) is the authoritative source for all degree requirements.

Master of Arts (MA)

Anthropology MA students enrolled in the Collaborative Specialization in Environmental Studies complete the following requirements:

- ENV 1001H: Environmental Decision Making (0.5 FCE)
- One elective (0.5 FCE) from the [CSES course list](#). Students are strongly encouraged to complete a cross-listed elective course such as ANT4051H, ANT6018H and ANT6066H.
- MA Research Paper written on an environment related topic. *A digital copy of the [final paper](#) must be submitted to the School of the Environment prior to convocation.*

Master of Science (MSc)

Anthropology MSc students enrolled in the Collaborative Specialization in Environmental Studies complete the following requirements:

- ENV 1001H: Environmental Decision Making (0.5 FCE)
- One elective (0.5 FCE) from the [CSES course list](#). Students are strongly encouraged to complete a cross-listed elective course such as ANT4051H, ANT6018H and ANT6066H.
- MSc Research Paper written on an environment related topic. *A digital copy of the [final paper](#) must be submitted to the School of the Environment prior to convocation.*

Doctor of Philosophy (PhD)

Anthropology PhD students enrolled in the Collaborative Specialization in Environmental Studies complete the following requirements:

- ENV1001H: *Environmental Decision Making* (0.5 FCE)
- One elective (0.5 FCE) from the [CSES course list](#).
- Complete a thesis on an environmental theme. Normally, the thesis committee will include a supervisor from the student's home department who holds a graduate faculty membership (GFM) in the School of the Environment. If the student's primary thesis supervisor does not hold a GFM in the School of the Environment, the School's Director will either initiate the process of assigning a GFM to the primary supervisor or review the composition of the thesis committee to ensure it has appropriate expertise. *A digital copy of the [final thesis](#) must be submitted to the School of the Environment prior to convocation.*

SCHOOL OF THE ENVIRONMENT

- All PhD students are required to give an oral presentation of their doctoral research as part of the School's Environment Research Day, which is held once per year in the Spring.
