School of the Environment: Collaborative Specialization in Environmental Studies (CSES)

Below you will find the requirements for students in the MPP program who are completing a Collaborative Specialization in Environmental Studies. Although this document can provide you with guidance for completing the specialization, note that the [School of Graduate Studies Calendar](#) is the authoritative source for degree requirements.

Master of Public Policy (MPP)

MPP students complete a total of 9.0 FCEs. Students enrolled in the Collaborative Specialization in Environmental Studies must have at least 30% of their coursework (2.5 FCEs) count towards the CSES and complete the following collaborative specialization requirements:

- ENV1001H: *Environmental Decision Making* (0.5 FCE)
- One elective (0.5 FCE) from the [CSES course list](#).
- GLA2029H: *The Sustainability Imperative: Implications for Global Affairs and Public Policy* (0.5 FCE)
- PPG2006Y (1.0 FCE) which satisfies both the CSES internship requirement and research paper requirement, provided there is an environment related component. *Upon completion of the placement students shall submit to a letter of performance assessment issued by their direct internship supervisor to the Graduate Administrator. A copy of the [final research paper](#) must be submitted to the School of the Environment prior to convocation.*
